Our Customers are the Heartbeat of Our Business.

Hello! **Happy 4th Of July** to all! The last two months have been amazing here at **Music To Go Mobile DJ Service**. We've met many inspiring people between attending National Tourism Week at The Beaufort Regional Chamber of Commerce and the New Member Luncheon at the Hilton Head Island-Bluffton Chamber of Commerce Headquarters. We have a live link from the LIBPA web site. We intend to make this the best year yet here at Music To Go Mobile DJ. It's time to fire up those barbeques & call us to provide the music!

We would like to share a little bit about **Music To Go Mobile DJ Service** for those of you that are just finding out about us! Ed Robertson began to DJ 18 years ago. His first job was a wedding reception. He enjoyed it so much that he decided to turn it into a business! Ed says, "Music reminds us of who we are, where we've been, how we feel, and where we'd like to go. Music can evoke a range of emotions from sadness to joy. The atmosphere music creates can lead us in certain directions. At **Music To Go Mobile DJ Service** we pride ourselves in fully understanding these principles. We handle your function as if it were our own. Prompt response, punctuality, professional performance, along with the experience of serving Beaufort, South Carolina and surrounding areas since 1987 make us your entertainment choice".

E-mail us at info@musictogomobiledj.com. Visit our web site at www.musictogomobiledj.com. We have numerous Song Lists on our web site including a Master Song list with 1000's of songs listed. We also provide several pages of Wedding Information and a Wedding/Reception song list. Visit our Picture Gallery to see the different types of events we have done and where they were held. We have included pictures and information on our staff and equipment. Ed has had experience with a variety of Corporate, Military, Private, and Public events over the years.

We use equipment by Peavey, Gemini, Sony, Sure, and Fender. We have a main unit and a smaller auxiliary unit available now! We have cordless hand-held and clip-on microphones for your use. We can also provide two light stands, strobe lights, black lights, and a mirror ball. We have limbo poles, hula hoops, and a fog machine too. We own our own back up generator for remote areas.
