Weddings Continued...

At **Music To Go Mobile DJ** we understand that each wedding is unique and special. We are prepared to do both the Ceremony & Reception Music if you wish as long as they are both held in the same location. There is no extra charge for Ceremony music.

We understand that the wedding budget is very important to the Bride and Groom. We do our best to keep our prices reasonable while offering the best quality possible. We do not charge an extra fee to set up or take down our equipment. We keep our equipment updated and often add to our music library. We have business licenses in the City of Beaufort and the County. We are also licensed on Hilton Head Island. We are members of the Beaufort Regional Chamber of Commerce (www.beaufortsc.org), the Lady's Island Business & Professional Association (www.libpa.org), and the Hilton Head-Bluffton Chamber of Commerce at the following web site (www.hiltonheadisland.org).

We keep a list of local party vendors on our web site to help you in your party planning. We add to this as we find new people that we believe will be of help to our customers.

Your Wedding Planner will go out with the DJ. Make sure that you add any details you need on the planner. Ask any questions you may have. No questions are unimportant to us. This is where you can specify any special traditions that you would like to add. Each Bride and Groom have different tastes. We will follow your lead, when it comes to how the DJ should be dressed and as to the level of interaction that you want the DJ to have with your guests. We are happy to announce your bridal party if you wish.

We often go to the Wedding Rehearsal when we are doing the ceremony music. If you would like the DJ to attend your rehearsal, just tell us ahead of time so we can check our schedule. This is a good time for the DJ to see where to set up ahead of time and to find electrical Outlets etc. This also helps with the timing of the music.

While planning the music for your wedding it is helpful to know any music that you are certain you do not like. The DJ will then avoid playing that type. Don't hesitate to list these songs on your wedding planner. Remember to list the names of the persons that you want to tell the DJ when volume adjustments are needed throughout your wedding and reception. Decide how you want the DJ to handle song requests from your guests ahead of time. There are no rules on this. It depends on your musical taste! It usually takes up to 80 songs for a 4 hour event. You may pick your favorite music and have the DJ select the rest or you may select each song. It is entirely up to you.

We provide a one hour consultation free on all weddings. There is a charge of \$25.00 for each additional hour.

We require a \$100.00 deposit to confirm the date you have chosen. The balance is due after the last song is played on the day of your event.

We add to our props often. So, just list which ones you want us to bring along on your planner!

It is a good idea to have directions/maps to your wedding and/or reception and to have a plan ahead of time in the event of bad weather. Please include the contact information to the place you are holding your function. We like to set up our equipment approximately one hour early as not to interrupt your quests. Please provide us with a program if you have one!

Call us anytime at 843-525-6944!

Congratulations on your Engagement!
