The Train Float for the Christmas Parade:

The train float was built in 2005 by the Beaufort Railroader's! It is a replica of the General locomotive stolen by Andrew's Raiders in 1862 from Big Shanty, Georgia just outside of Atlanta. The Raiding Party was made up of civilians, one of which was Andrews himself, and Military Personnel.

The General was finally captured when it ran out of fuel by railroad workers aboard the locomotive Texas. The leader of the raid, James J. Andrews, one of the eight captured by the Confederacy was later executed. All of the Raiders, who were Military personnel, received the Congressional Medal of Honor. The soldier Jacob Parrot was the first ever to receive this decoration.

For information on the General visit this web site: <http://www.georgiaencyclopedia.org/nge/Article.jsp?id=h-711>

Weddings at Music to Go Mobile DJ Service:

Whether you are having a casual Wedding and Reception on the beach or a large formal Wedding **Music to Go Mobile DJ** has 20 years experience in providing the entertainment for such events.

We provide a **consultation** for up to one hour at no additional fee. We will discuss your concerns and answer any questions you may have in a step by step fashion. We make sure that we understand your preferences for each stage of your Reception. It may help to write your questions down as you think of them and bring them to your consultation. You also may want to start thinking about the order of events for your reception. You don't have to know everything you will want at the first meeting. We do however ask that you choose your songs at least 3 weeks in advance of your Reception. This insures us time to purchase any special music that you may need.

Our **Wedding Planner** is on the web site for your convenience! You can print the planner, fill it out and return it to us with your deposit. Take your time filling out the planner. Planning ahead of time will ensure that things flow smoothly. **Always call first for availability!**

We regularly update our music library offering our customers 1000's of songs to enjoy. The customer is welcome to bring additional regular format CD's, for their enjoyment. We need these 3 weeks in advance also. Our library consists of music from the Big Band Era to the Present.

We make it a point to be where we are supposed to be, when we are supposed to be! In the event that we are already committed on the date you are looking for, we will help you find another, reputable DJ when possible.

We have a selection of **wedding planning books**, wedding magazines, wedding catalogs, wilton cake decorating books, etc. that you are welcome to look through during your consultation while getting your ideas together.

When possible we attend the **Wedding Rehearsal** when we are doing the ceremony music. If you would like the DJ to attend your rehearsal, just tell us ahead of time so we can check our schedule.

This is a good time for the DJ to see where to set up ahead of time and to find electrical outlets etc. This also helps with the timing of the music. We can provide the music at your wedding as well as your reception if they are both at the same location. Some times we can do both if the locations are different, but within about 30 minutes of each other.

We will announce your **Wedding Party** if you wish. There is a place on the Wedding Planner to write in the names & add any pronunciations that you think may be necessary. We will also provide a microphone to the Best Man or others that wish to **toast** the Wedding Couple.

If your wedding and reception will be held in a **gated community**, please call ahead and gain clearance for the DJ at the gate. Doing this ahead of time will ensure that your DJ can enter early and be set up before most of your guests arrive! We like to set up approximately one hour before we are supposed to start the music.
